

Onboarding Issues today

1. In the Home page, the “Get Started” button is not linked to anything
2. In the Home page, the “Learn More” button is not linked to anything
3. Sign up with Google / Sign up with Facebook / Sign up with LinkedIn not working
4. After confirming email I’m not taken to the correct Dashboard screen that should tell me to complete my profile. (There’s a slide already with this problem and correct figma link)
5. In Onboarding LinkedIn Import of professional profile info is not working
6. When uploading information manually, after completing 1st onboarding screen, the next screen doesn’t scroll to the top

The screenshot shows the GigExecs platform's onboarding process. At the top, there's a navigation bar with 'GigExecs' logo, search bar, user profile 'Cyril Ramaphosa Professional Account', and help/support links. Below the navigation is a main content area. On the left, a sidebar lists several fields with 'Not started' status: Languages, Hourly rate, Payment method, and another Languages entry. The main right section is titled 'Country/ Region*' with a dropdown menu set to '(Select)'. Below it is a 'Zip code/ Postcode*' field containing 'E.g. 1234'. There's a note about uploading proof of address and a dashed box for file upload with instructions to 'Drag and drop, or choose a file'. At the bottom are 'Back' and 'Continue' buttons.

7. There's new wording in “Your References”, instead of minimum of three work references, we only ask for 1 (there's a slide in the presentation with the exact wording)

Your References

For verification purposes, kindly submit a minimum of three work references from individuals you have worked with. Please note that they will not be publicly visible on your profile.

[+ Add Reference](#)

[Back](#) [Continue](#)

I'll do this later

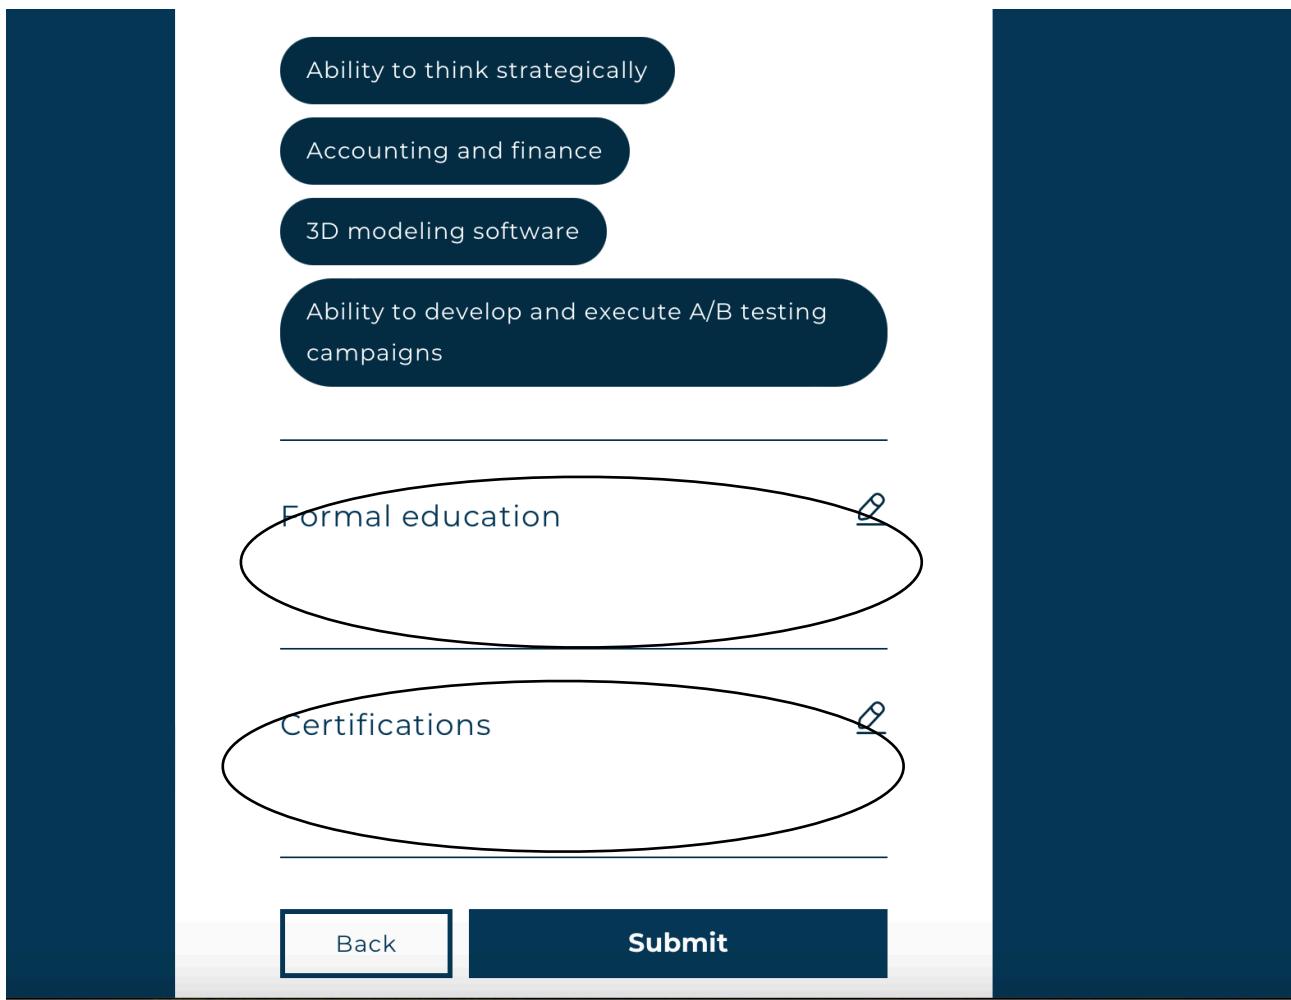

8. As a professional the right terminology is “Payment Method” or “Payout Method”?

The screenshot shows the GigExecs platform's profile setup process. On the left, a sidebar lists various profile sections with their completion status: Payment method (Not started), Formal education (Not started), Certifications (Not started), and Skills (27% Completed). The main area is titled 'Your Profile' and contains a 'Payment method (Optional)' step. It includes a note about adding a payment method for receiving client payments, a 'Add Payment Method' button, and a 'Skip step' link. A 'Continue' button is at the bottom, along with a 'I'll do this later' link. To the right, a 'Pro tip' box offers advice on providing accurate account information for the chosen payment method.

9. When completing the profile manually, and after adding payment method, the summary of my profile before I Submit doesn't include all the information that I've added during onboarding, for example: City and Country.

The screenshot shows the GigExecs platform's profile summary page. It displays address details: Street name (150 Shaolin Street), Suburb/Area (Shanghai), and State/Province (Shanghai). The 'City:' field is circled in red, and the 'Country:' field is also circled in red. Below these fields are 'Zip code/ Postcode' (12345) and an 'Attachment' section with a file input field.

10. The “Formal Education” information is not being displayed in the summary before submission. We need the check if the Certifications area is being displayed.

11. While my profile is still being Vetted, the system SHOULD NOT allow me to bid for Gigs

The image shows a screenshot of the GigExecs platform. At the top, there is a navigation bar with the logo "GigExecs", a search bar, and account information for "Cyril Ramaphosa Professional Account". Below the navigation bar is a yellow banner stating "Your bid is 0% completed". The main area features a dark blue background with a hexagonal pattern. On the left, there is a sidebar titled "Bid for Gig" with sections for "Proposal" (Not started), "Screening Questions" (Not started), and "Questions for Client" (Not started). To the right, there is a larger form area with a title "Your Bid" and a question "Why are you a good fit for this project?*". A text input field with the placeholder "Type here..." is below the question.

12. The calculation screen below is not correct. If I match my clients budget of \$5000 for the Gig, then the total estimated cost showed below is 50,000 ? (There's a slide in the presentation reporting this problem)

The screenshot shows a user profile for Cyril Ramaphosa with a yellow banner at the top. The main area displays a form for calculating payment details. A large oval highlights the 'Amount' field where '\$5,000.00' is entered. Below it, a note says 'Match clients budget of \$5,000.00'. Another oval highlights the 'Estimated total cost' section, which shows '\$50,000.00' in the 'Amount' field. A note below it says 'Match clients timeline of 1 week'.

13. The deposit logic is not correct. When I've bid for the gig I didn't select for a "deposit amount" to be paid, however below the system is showing that I've asked for a deposit payment for the TOTAL amount of the Gig

The screenshot shows a user profile for Cyril Ramaphosa with a yellow banner at the top. The main area displays a form for project details. A large oval highlights the 'Deposit amount' field, which contains '\$5,000.00'. Other visible fields include 'How would you approach this project?' (I would approach it very carefully not to get hurt), 'How would you like to get paid?' (hourly), 'What is the maximum number of hours you are able to commit on a weekly basis?' (0-10 hours), 'Total payment amount' (\$5,000.00), 'Duration' (1 week), and 'Milestones' (Milestone 1).

14. When pressing Enter here to Add Question, the system takes me to the beginning and all information that I've entered to Bid for Gig gets lost.

The screenshot shows the GigExecs application interface. At the top, there's a navigation bar with the logo 'GigExecs', a search bar, and user account information for 'Cyril Ramaphosa Professional Account'. Below the navigation bar, there are links for 'Dashboard', 'Find Gigs', 'My gigs', 'Reports', 'Help & Support', and a notification bell.

The main content area is titled 'Bid for Gig'. On the left, there's a sidebar titled 'Questions for Client' with a list of sections: 'Not started' (Cost and Timeline, Payment Structure, Other Terms), '100% Completed' (Proposal, Screening Questions). The 'Proposal' section is highlighted with a yellow bar. On the right, the main form is titled 'Questions for the client' with a text input field containing 'Type here....' and a 'Add Question' button. At the bottom of the form are 'Save and Exit', 'Back', and 'Continue' buttons.
